

An ISO 13485 : 2003 & ISO 9001 : 2015 certified and FDA (I) Licensed unit

Your Perfect Partner for Antigens & Antibodies.

Global SUPPLIER for World's IVD Companies and Leading Bulk Distributors and Resellers for :

➤ *Human Native antigens*

➤ *Recombinant antigens*

➤ *Monoclonal antibodies*

➤ *Calibrator and controls*

Human Native Antigens

Breast Cancer Antigen (CA 15-3)

Source : Human Cancer Ascites
High Pure and Part Pure - Low Cross for CA 125, CA 19-9, CA 72-4, CEA, AFP, Ferritin
Liquid in PBS
Positive by ELISA & Roche

Ovarian Cancer Antigen (CA 125)

Source : Human Cancer Ascites
Part Pure - Low Cross for CA 15-3, CA 19-9, CA 72-4, CEA, AFP, Ferritin
Liquid in PBS
Positive by ELISA & Roche

Gastric Cancer Antigen (CA 72-4)

Source : Human Cancer Ascites
Part Pure - Low Cross for CA 15-3, CA 19-9, CA 125, CEA, AFP, Ferritin
Liquid in PBS
Positive by ELISA & Roche

Gastrointestinal Cancer Antigen (CA 19-9)

Source : Human Cancer Ascites
Part Pure - Low Cross for CA 125, CA 15-3, CA 72-4, CEA, AFP, Ferritin
Liquid in PBS
Positive by ELISA & Roche

Beta 2 Microglobulin (B2M)

Source : Human Urine
High Pure and Part Pure
Liquid in PBS
Positive by Turbilatex

Cystatin C (Cys-C)

Source : Human Urine
Part Pure
Liquid in TRIS Buffer
Positive by Immunonephelometry

Hepatitis B Surface Antigen (HBsAg-Ay) & (HBsAg-Ad)

Source : Human Blood
High Pure
Heat Inactivated at 60 °C for 15 hr
Liquid in PBS with or without sucrose
Positive by ELISA

Neutrophil Gelatinase - Associated Lipocalin (NGAL)

Source : Human Neutrophils
Grade : Pure
Liquid in Sodium Acetate Buffer
Positive by ELISA

C - Reactive Protein (CRP)

Source : Human Fluids
High Pure and Part Pure
Liquid in TRIS Buffer
Positive by Turbilatex

Prostate Specific Antigen (PSA)

Source : Human seminal plasma
High Pure and Part Pure
Liquid in Tris Buffer
Positive by ECLIA

PSA - ACT Complex

Source : Human seminal plasma and Human blood plasma
Part Pure
Liquid in Sodium Acetate Buffer
Positive by CLIA

Human Ferritin

Source : Human Placenta
High Pure
Liquid in TRIS - HCl Buffer
Positive by CLIA

Myeloperoxidase (MPO)

Source : Human Neutrophils
High Pure
Negative Peroxidase Activity
Liquid in Phosphate Buffer
Positive by ELISA

Soluble Transferrin Receptor (sTfR)

Source : Human Plasma
Part Pure grade, Liquid in TRIS Buffer
Positive by ELISA

PAPP - A

Source : Human Placenta Serum
Pure
Liquid in TRIS Buffer
Positive by ELISA

D - Dimer

Source : Human Plasma
Pure & Part Pure
Liquid in TRIS Buffer
Positive by ELFA_{VIDAS}

Human Epididymis Protein 4 (HE4)

Source : Human Cancer Fluid
Pure
Liquid in Sodium Phosphate Buffer
Positive by CLIA

Retinol Binding Protein (RBP)

Source : Human Renal Failure Urine
High Pure
Liquid in PBS
Positive by Immunoturbidimetry

Transferrin

Source: Human Plasma
High Pure
Liquid in Phosphate Buffer
Positive by Immunoturbidimetry

Kappa Free light Chain

Source : Human Renal Failure Urine
High Pure
Liquid in PBS and Lyophilized
Positive by Immunonephelometry

Lambda Free light Chain

Source : Human Renal Failure Urine
High Pure
Liquid in PBS and Lyophilized
Positive by Immunonephelometry

Azurocidin

Source: Neutrophils
High Pure
Liquid in HEPES Buffer
Positive by ELISA

With Lead Time : 2 - 3 Months

Alpha 1 Microglobulin (A1M)

Source : Human Urine
High Pure and Part Pure
Liquid in TRIS Buffer
Positive by ELISA

Alpha Feto Protein (AFP)

Source : Human Cord Blood
High Pure and Part Pure
Liquid in TRIS Buffer
Positive by ELISA / CLIA

Carcinoembryonic Antigen (CEA)

Source : Cancer Fluid
High Pure and Part Pure
Liquid in Citrate Buffer
Positive by ECLIA

Native Products Under R&D

Alpha 2 Macroglobulin

Source : Human Plasma
High Pure Lyophilized
Positive by Immunonephelometry

Calprotectin

Source : Neutrophils
High Pure
Liquid in Tris Buffer
Positive by ELISA

Purified Mouse Monoclonal Antibodies

Anti-PSA monoclonal antibody

High affinity producing clones with 1 match pair specific to human PSA Ag
Protein A/G Purified

Anti-CRP monoclonal antibody

High affinity producing clones with 2 different match pair specific to human CRP Ag
Protein A/G Purified

Anti-HbA1c monoclonal antibody

1 human HbA 1c specific monoclonal antibody
Protein A/G Purified

Anti CA - 125 monoclonal antibody

High affinity producing clones with 1 different match pair specific to human CA-125 antigen
Protein A/G purified

Anti - CA 15-3 monoclonal antibody

One CA 15-3 like Ag specific high affinity antibody producing clone
Protein A/G purified

Viral Tested Antigens By US - FDA Approved CLIA & PCR

Recombinant Antigens

<p>Human Galectin - 3 (with His tag)</p> <p>Source : Bacteria (E. coli) Accession No : P17931 Liquid in Tris Buffer Positive by ELISA</p>	<p>Streptolysin O (SLO) (glutaraldehyde stabilized, contains free amino group)</p> <p>Source : Bacteria (E. coli) Accession No : Q8P2T7-1 Liquid in Tris Buffer Positive by Latex Agglutination</p>	<p>Human Alpha Synuclein (SNCA)</p> <p>Source : Bacteria (E.Coli) Accession No : P37840 Liquid in PBS Buffer Positive by ELISA</p>	<p>Human S100A8</p> <p>Source : Bacteria (E. coli) Accession No : NP_002955.2 Liquid in Tris Buffer Positive by ELISA</p>
<p>Human NGAL (wild & mutant type)</p> <p>Source :Bacteria (E. coli) Accession No : P80188 Liquid in PBS Buffer Positive by Immunonephelometry</p>	<p>Streptolysin O (SLO)</p> <p>Source : Bacteria (E. coli) Accession No : Q8P2T7-1 Liquid in PBS Buffer Positive by Latex Agglutination</p>	<p>Human Defensin Beta 2 (BD-2)</p> <p>Source : Bacteria (E. coli) Accession No : NP_004933.1 Liquid in Sodium Phosphate Buffer Positive by ELISA</p>	<p>Human S100A9</p> <p>Source : Bacteria (E. coli) Accession No : NP_002956 Liquid in Tris Buffer Positive by ELISA</p>
<p>Human Neuron Specific Enolase (NSE)</p> <p>Source : Bacteria (E. coli) Accession No : P09104 Liquid in PBS Buffer Positive by ECLIA</p>	<p>Streptolysin O (SLO) (glutaraldehyde stabilized)</p> <p>Source : Bacteria (E. coli) Accession No : Q8P2T7-1 Liquid in Tris Buffer Positive by Latex Agglutination</p>	<p>Human Tumor Necrosis Alpha (TNFα)</p> <p>Source : Bacteria (E.Coli) Accession No : P01375 Liquid in Phosphate Buffer Positive by ELISA</p>	<p>Human CK - MM</p> <p>Source : Bacteria (E. coli) Accession No : NP_001815.2 Liquid in TRIS Buffer Positive by CLIA</p>
<p>Human Interleukin - 18</p> <p>Source : Bacteria (E. coli) Accession No : Q14116 Liquid in PBS Buffer Positive by ELISA</p>	<p>Human Serum Amyloid A (SAA) (with His tag)</p> <p>Source : Bacteria (E. coli) Accession No : P0DJ18 Liquid in Tris Buffer Positive by ELISA</p>	<p>Human Fatty Acid Binding Protein (FABP-3)</p> <p>Source : Bacteria (E. coli) Accession No : P05413.4 Liquid in Tris Buffer Positive by ELISA</p>	<p>Human Prolactin</p> <p>Source : Bacteria (E. coli) Accession No : Q5THQ0 Liquid / Lyophilized in PBS Buffer Positive by CLIA</p>
<p>Human Procalcitonin (PCT)</p> <p>Source : Bacteria (E.Coli) Accession No : P01258 Liquid in PBS Buffer Positive by CLIA</p>	<p>Human SHBG</p> <p>Source : Mammalian cells Accession No : P04278 Liquid in PBS Buffer Positive by CLIA</p>	<p>Troponin I</p> <p>Source : Bacteria (E.coli) Accession No : P19429 Liquid in TRIS Buffer Positive by ELFA <small>VIDAS</small></p>	<p>Troponin T</p> <p>Source : Bacteria (E.coli) Accession No : NP_001001431 Liquid in TRIS Buffer Positive by CLIA</p>

Recombinant Products under R & D

<p>Hepatitis B Core antigen (HbcAg)</p> <p>Source : Bacteria (E.Coli) Accession No : AAA45486.1 Optimized Buffer Positive by ELISA</p>	<p>CRP</p> <p>Source : Mammalian cells Accession No : P02741 Liquid in TRIS Buffer Positive by Turbilatex</p>

Consistent, Stable and Immunologically Active Antigens

Some of our regulatory compliances

- Factory License.
- Labor Laws compliance.
- FDA (I) Permission for manufacturing and sale of antigens & antibodies.
- Drugs Controller General (India) permission to collect HBsAg positive blood.
- Various autonomous bodies and over 250 hospitals permissions for collection of biomedical fluids.
- Environment compliance as per Maharashtra Pollution Control Board (MPCB) and other pollution controlling authorities guidelines for discard of bio hazardous and other biological fluids. Safety norms compliance.
- Compliance with Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA), under Ministry of Environment & Forests, Govt. of India, certified animal house and Institutional Animal Ethics Committee.

Bank Details For Wire Transfer payment :-

- **For US Dollar Payment :-**

Credit the proceeds to BANK OF BARODA NEW YORK (SWIFT: BARBUS33) Routing No # 026005322 for further credit to BANK OF BARODA Chandavarkar road Branch MUMBAI (SWIFT: BARBINBBMAT) for Credit of EEFC Account No. 04060200001454N THE NAME OF M/s. Yashraj Biotechnology Ltd. With Bank of Baroda, Chandavarkar Road, Matunga Branch, Mumbai, India.

- **For Euro Payment :-**

Credit the proceeds to TREASURY Account No 183-3000082-06 with BANK OF BARODA BRUSSELS (SWIFT: BARBBEBB) for further credit to BANK OF BARODA Chandavarkar road Branch MUMBAI (SWIFT: BARBINBBMAT) for Credit of Euro Account No. 04060200001536 in the name of M/s. Yashraj Biotechnology Ltd. With Bank of Baroda, Chandavarkar Road, Matunga Branch, Mumbai, India.

- **For GBP Payment :-**

Credit the proceeds to TREASURY Account No 1000-660-568-00 with BANK OF BARODA LONDON (SWIFT: BARBGB2L) SORTCODE 60-93-71 for further credit to BANK OF BARODA Chandavarkar road Branch MUMBAI (SWIFT: BARBINBBMAT) for Credit of GBP Account No. 04060200001539 in the name M/S Yashraj Biotechnology Ltd. With Bank of Baroda, Chandavarkar Road, Matunga Branch, Mumbai, India.

Partnership / Joint Venture Opportunity

Advantages for your Company

- Use of our technical and project management team
- Lower R & D Costs with competitive edge for new antigens
- Extensive space available with us at existing site
- Reduced cost of procurement & manufacturing
- Low cost business expansion
- Backward or forward integration
